## PROJECTS

### **iNotebook**

May 2023 - May 2023

<https://github.com/sardarsain67/inotebook>

iNotebook: User-friendly note management project with React.js & Node.js. Features include sign-in, login, note creation/editing/deletion, profile customization. Secure login ensures data protection. Seamlessly organize and manage notes.

### Email Marketing Tool

Mar 2023 - Mar 2023

<http://surgeped.com:3009/>

Secure & user-friendly, the Email Marketing Tool offers personalized subject lines, testing, Excel integration for recipient management, performance evaluation, scheduled campaigns, & flexibility to delete. Optimize email marketing with ease.

### University Placement Portal

Aug 2022 - Oct 2022

<https://github.com/sardarsain67/placementportal>

The University Placement Portal streamlines communication between TPO, students, and companies. TPO adds profiles, schedules drives, shares news. Students access details, update profiles. Efficient coordination for successful placements.

### Book Cloud Tool

Feb 2022 - Jun 2022

<http://get-your-file.rf.gd/>

Book Cloud Tool: Effortlessly upload/download files in guest & user modes. Guest mode for search-based file handling. User mode adds upload, download, self-delete. Seamless experience, error handling. User-friendly file sharing solution.
